

ContactListener.h

```
graph BT; Level.h --> ContactListener.h
```

The diagram illustrates an inheritance relationship between two C++ header files. At the top is a gray rectangular box labeled 'ContactListener.h'. Below it is a white rectangular box labeled 'Level.h' with a red border. A blue arrow points vertically from the 'Level.h' box up to the 'ContactListener.h' box, indicating that 'Level.h' inherits from 'ContactListener.h'.

Level.h
