

Model.h

```
graph BT; Viewer.h --> Model.h
```

The diagram illustrates a dependency between two header files. At the top is a gray rectangular box labeled 'Model.h'. Below it is a white rectangular box labeled 'Viewer.h' with a red border. A dark blue arrow points vertically from the top of the 'Viewer.h' box to the bottom of the 'Model.h' box, indicating that 'Viewer.h' depends on 'Model.h'.
